Solahart Service

Solahart
hot water free from the sun

Dear Solahart Owner,

According to our records you should have enjoyed over 5 years of Hot Water "free from the sun". In order to ensure that you receive the maximum performance and longevity from your Solahart it is recommended that the 5 year service is now completed.

Service Details

- Replace Sacrificial Anode (if necessary) *(Streamline & Heat Pump can only be done if there is sufficient space above tank to remove anode)*
- Replace Hot Water Temperature & Pressure Relief Valve (HT55) (if necessary)
- Check the operation of the Element & Thermostat (replacement parts, if required, are NOT included in standard service and would be charged accordingly)
- Clean the glass on the solar panels
- Inspect all connections on the system
- Check level of Heat Transfer Fluid (J, K and DJV closed circuit Streamlines series only)
- Check operation of H50 cold expansion valve (replacement valve, if required, is NOT included in standard service and would be charged accordingly)

Travel will be charged at $2.00/km one way for services greater than 30km from Toowoomba Solar Centre office
